

electrabe sampler Bonus patterns for summer 2016

Release Information

What you will need

- electrabe sampler system 2.00 or later
- Memory card supported by electrabe sampler
- Computer with memory card adapter
- AC adapter KA350 or six AA batteries

All the pattern data will be replaced to bonus patterns after importing. Create a backup of your pattern data before loading the bonus patterns.

Make sure the batteries are brand new if using alkaline or fully charged if using NiMH batteries.

Loading the patterns

- Prepare a memory card that has been formatted by electrabe sampler.
- Insert the memory card into your card reader, and connect it to your computer.
- Extract e2s-2016.zip.
- Copy "e2s-2016.e2sallpat" into the [electrabe sampler] folder under the [KORG] folder on the memory card.
- Insert the memory card containing the "e2s-2016.e2sallpat" file into your electrabe sampler, and turn on the power.
- Select "IMPORT ALL PATTERN" from the DATA UTILITY menu.
